HONOR
OUR BRAVE HEROES

Gesa
CAROUSEL
of DREAMS

It is said that the lead horse of any carousel is the biggest and most decorative of all of the horses. In the instance of the Gesa Carousel of Dreams, our lead horse is a magnificent and proud warhorse. Beautifully adorned in protective neck and face armor, our majestic standing lead horse is a symbol of power and bravery, and is an impressive presence worthy of his lead position.

Much like the amazing characteristics of our nation's defenders, veterans and first responders, the Gesa Carousel of Dreams lead horse, possess unique and original attributes. Additional qualities of these hero's both active and fallen, which should never be forgotten are loyalty, a commitment to service, and the willingness to give the ultimate sacrifice for the most worthy of causes.

The Gesa Carousel of Dreams would like to offer all of the friends, families, and loved ones of our active duty military, veterans, first responders and fallen hero's, the opportunity to pay tribute in a unique, memorable fashion that will be displayed in permanence for many generations to come. The Breed Apart
